

Resolution in Support of Our Schools Los Angeles Students Deserve

Whereas Boyle Heights and ELA have a long suffered from inferior school conditions like a high dropout rate, overcrowded schools, tracking into low paying jobs and the school to jail pipeline.

Whereas our community has a long ongoing history of fighting for a quality public education; made known by the historic ELA Blowouts of 1968 highlighted in the HBO movie Walkout

Whereas our LAUSD local public schools have made advances but still suffer from the same inferior racist conditions

Be it resolved that the Boyle Heights Neighborhood Council endorse and support the Campaign to improve our schools by supporting the following objectives:

Smaller class Sizes

Full Staffing, including librarians and nurses

Salary Increases

Adult and Early Education Restoration

Public School Accountability

An End to "Teacher Jail"

An End to Unnecessary Student Testing

A Fair Teacher Evaluation System

Music, Arts & Ethnic Studies

Restorative Justice

Safe, Clean Schools

Passed on March 25, 2015 at the Boyle Heights City Hall at a regular Board meeting.
