ACEGLA has reached out for possible collaboration around trees

### 4. Presenters/ Government Reports

None

### 5. Reports

- a. Exide – Resurrection Group  
PLUME –screening– April 11 in evening @ Resurrection Church; goal is to bring awareness and urgency. Participating organizations include  
TEC considering CIS on making clean up under local control
- b. Alliance of River Communities (ARC)  
Still need liaison, main topic currently covering is Beverage Ordinance
- c. AB 617 Steering Committee  
Last meeting prioritized the pollution we want to address; indirect sources is a big source of pollution  
Next meeting March 28; will be covering action plans  
Environmental tour, April 13, 8-12pm
- d. Neighborhood Council Sustainability Alliance

There has yet to be a whole alliance committee, Mayor has announced he will not put funds to repower natural gas plant, no one is clear on what a renewable energy plan will look like. I idea of city level version of “new green deal” also being developed

LANCC meeting was after, Great Streets Challenge came up; Council cannot submit application themselves, might be beneficial to reach out to organizations present at BH meeting and see how we can support or bring them all together. At the BH meeting Clinica Romero, YMCA, and Projecto Pastoral present.

e. My Community, My Health Coalition – AtlaMed

Environmental Justice working group; first call this morning, trying to create scope of work; over 50 health-based organizations, community groups, and representatives at the table.
